

	<b>Priming:</b>	Rotary vane vacuum pump which can assure quick priming of water in case of emergency 3.7 sec. at suction height 1m 7.0 sec. at suction height 3m 15.4 sec. at suction height 6m	
<b>Pump performance: (Suction height: 3m)</b>		Minimum 520 liter/min. at 0.6 MPa	
		Minimum 250 liter/min. at 0.8 MPa	
<b>Overall dimensions:</b>		Length: 560mm x Width: 475mm x Height: 537mm	
<b>Mass:</b>	<b>Wet:</b>	Max 55 kg	
	<b>Dry:</b>	Max 48 kg	
<b>Max. suction height:</b>		Minimum 9m (29.5 feet)	
<b>Accessories</b>		1. Battery Charger 2. Floodlight projector 3. Plastic toolbox	
<b>Authorization</b>		<b>Authorization letter from Manufacturer (not from dealer) is compulsory. Without Authorization Letter bid will be disqualified</b>	
<b>Documents</b>		<b>Must submit Product brochure, Performance Curve of Pump and Outline drawings</b>
